

R Course to VTT Technical Research Center of
Finland
Exercise 3

Oguzhan GENCOGLU

Tampere University of Technology, VTT

May, 2016

Abstract

This document contains the tasks for Exercise 3. For questions, please
contact `oguzhan.gencoglu@tut.fi`.

1 Markdown & Reporting Practice

Perform exploratory analysis on one of the given datasets and create a mark-
down report (html or pdf). Include at least 3 figures in your report.

The dataset options are:

- `abm.xls`: Meningitis data
- `sepsis.csv`: Sepsis data
- `valung.csv`: Lung cancer data
